RLI PERSONAL UMBRELLA POLICYHOLDER NOTICE

Certain coverages in this policy have been revised to clarify our intent relative to personal umbrella coverages. These new provisions, PUP 320 (09/14), have been filed and approved by the Department of Insurance in your state. These new provisions reflect the contemporary changes in the family nucleus and exposures in today's society including, but not limited to, civil unions, relatives and ridesharing as well as state specific requirements. The contents of the policy packet contain all of the provisions that make up your policy as of the effective date shown on the Declarations page. **All documents that make up your policy, including any policy provisions, endorsements, or amendatories are new. This means any policy documents from your expiring policy are no longer valid as of the effective date of this renewal policy.**

RLI's personal umbrella policy is intended to be additional liability coverage over and above the Insured's Basic Policies. Since the policy provisions of the Basic Policies are referenced throughout the RLI policy provisions, you should also be well aware of the coverages afforded by the Basic Policies. Information regarding the specific changes has been sent to your agent listed on your policy. We strongly encourage you to call your listed agent and discuss your specific questions.
