

MAIA's Independent Agency Registry Procedures Manual

MAIA's Registry Procedures Manual has gone digital! This means no more bulky three-ring binders, no more hunting through a ream or two of paper to find what you're looking for, no more running to the copier to make a copy of a form you need ... not to mention no more trees will give their lives to produce our manual! **Instead, you will view the manual on the internet.** You can even view it in full screen mode for easy reading. In addition, you will have the capability of printing a page of the manual (or all pages if you're really stuck in "paper mode") or following a link and printing an online form right at your desktop.

The two BEST things about the digital Registry Procedures Manual are that the manual will be **updated two times a year** instead of on an annual basis - automatically and seamlessly - and the digital manual format will allow you to **keyword search** for what you need.
